

# MEMORANDUM

November 6, 2011

TO: ALL CSXT LOCAL CHAIRPERSONS  
ALL CSXT VICE LOCAL CHAIRPERSONS  
ALL CSXT SECRETARIES

FROM: CSRA GENERAL CHAIRMEN: JOHN WHITAKER, JOHNNY WILLIS,  
JIM TOWNSEND, RANDY PULLEN

RE: VARIOUS ARTICLES – CSRA

---

IN RE: CSRA Article 37 (K), (1)  
Guaranteed Road Extra Boards – filling outlying assignments

The CSRA Article 37 provides that –

*K. 1. GEB Trainmen called to perform service as outlined in Paragraph F of this Article or to an outpost assignment/terminal (i.e. Local/Road Switcher etc.) shall remain on such assignment for its duration for up to one JAD period outlined in Article 11 herein, or until the commencement of the employee's assigned rest days. If such individuals are not returned to their home terminal, they shall also be provided appropriate meal allowance(s) and lodging and will be paid continuous time until the time relieved at his home terminal. A GEB employee protecting as outlined herein, must advise CMC at the commencement of the shift prior to his scheduled rest day to invoke the provisions of this paragraph.*

Based on the above -

1. An employee called from a GEB to fill an outlying vacancy must remain on that vacancy "for its duration for up to one JAB period outlined in Article 11 herein, or until the commencement of the employee's assigned rest days."

Therefore, the employee must fill the vacancy only until the first time one of the following events occur --

- A. The regular assigned employee returns (marks up from absence),
  - B. The beginning of a new JAD week (0001 on Saturday), or
  - C. The arrival of the assigned rest day of the GEB employee who is filling the vacancy.
2. In the case of "B" being the first event that occurs, if CMC fails to relieve the GEB employee at the beginning of the new JAD, the employee should then be paid, in addition to meals and lodging expenses which would normally have been allowed, *"continuous time until the time relieved at his home terminal."* A claim (Code CA) should be submitted by the GEB employee for continuous time from the time relieved on his Friday tour of duty until registering off after deadheading home once he/she is relieved.
  3. In the case "C" being the first event that occurs and the employee wants to observe his assigned rest day, the GEB employee should (if he so chooses) *"advise CMC at the commencement of the shift prior to his scheduled rest day to invoke the provisions of this paragraph."* The request MUST be made by the employee to CMC at the proper time, and the request should be well documented for future use.

If CMC refuses the request the GEB employee should then be paid, in addition to meals and lodging expenses which would normally have been allowed, *"continuous time until the time relieved at his home terminal."* A claim (Code CA) should be submitted by the GEB employee for continuous time from the time relieved after what should have been the final tour of duty until registering off after deadheading home once he/she is relieved from the vacancy. The claim text should contain the date and time the request was made, the name of the crew caller who refused the request, and should cite the above quoted article.

**Other agreement provisions to remember –**

**CSRA Article 8 - Section 2 --**

*When an extra Trainman is required to work away from his supply point, the Company will either provide transportation or reimburse the Trainman for necessary costs of transportation, which shall be at the standard driving*

*allowance allowed by the IRS. No reimbursement will be made where the Company provides transportation. Upon approval of the Company, a Trainman will have the option of using his personal automobile in lieu of furnished transportation. A Trainman who uses his personal automobile in lieu of furnished transportation, and the distance traveled from his on duty point to the location required to report for work is in excess of 100 miles for the round trip, will be paid an allowance of one (1) hour based upon the straight time hourly rate of pay for his assignment in addition to the IRS standard driving allowance on the first and last day of the assignment. This section is for pay purposes only and will have no effect on hours of service regulations.*

Should an employee be called to fill a vacancy on an outlying assignment which is 50 or more miles from the home terminal, and that employee uses his personal auto for transportation, he is due an allowance of an additional hour's pay. This would be in addition to any other time under pay (combination deadhead to, while working the assignment, and combination deadhead home after relief) and the normal auto allowance (Code 90). A claim should be submitted using Code 18 on the first day and last days worked for one hour each, or for two hours if worked only one day.

CSRA Article 37, (K), (2):-

*Employees will be provided transportation upon request. At their option, Trainmen may utilize their personal automobile and claim auto mileage daily between their supply point and location of the assignment in lieu of lodging and meal allowance. Employees using lodging will be provide transportation between the lodging facility and assignment location or mileage reimbursement if they use their personal auto.*

An employee may choose to utilize their personal automobile and claim auto mileage daily between their supply point and location of the assignment in lieu of lodging and meal allowance. This means an employee who is filling a vacancy on an assignment 50 miles from his home terminal can drive home between tours of duty and claim auto allowance for the round

trip. If he chooses to do so, he cannot claim meals and lodging.

Also, and if the employee chooses to stay in Carrier provided lodging while filling the vacancy, the employee can claim auto allowance for the miles between the hotel and the on-duty location each time the trip is made before and after tours of duty.

**CSRA Article 15, Section 1, (A), (2) -**

*This Article also covers Trainmen called from the extra board, pools or used in the capacity of an extra Trainman to fill vacancies at outlying points subject to the following additional conditions:*

- a. *The outlying point must be thirty (30) miles or more, from the terminal limits of the location where the extra board from which called is maintained.*
  
- b. *Lodging or allowances in lieu thereof where no lodging is available, will be provided only when extra Trainmen are held at the outlying point for more than one tour of duty and will continue to be provided for the periods held for each subsequent tour of duty.*

*Note: Allowances in lieu thereof will be the applicable rate under the IRS Per Diem allowed.*

If the outlying assignment is more than thirty miles from the terminal limits of the terminal where the extra board is located, and the company does not provide lodging at that location, he may claim a lodging allowance between tours of duty while filling the vacancy. The lodging allowance, as defined by agreement, is "*the applicable rate under the IRS Per Diem allowed.*"

The IRS Per Diem allowed varies from state to state and city to city. The IRS presently provides a publication (<http://www.irs.gov/pub/irs-pdf/p1542.pdf>) to determine the Per Diem amount for the specified cities and a standard per diem amount for other cities not listed, which is currently \$77.00 per day according to the IRS.

Table 4. Maximum Federal Per Diem Rates (Effective October 1, 2010 – September 30, 2011)<sup>1</sup>

Note: The standard rate of \$123 (\$77 for lodging and \$46 for M&E) applies to all locations within the continental United States (CONUS) not specifically listed below or encompassed by the boundary definition of a listed point. However, the standard CONUS rate applies to all locations within CONUS, including those defined below, for certain relocation allowances. (See parts 302-2, 302-4, and 302-5 of 41 CFR.)

Table 4 lists all per diem rates alphabetically by state abbreviation. Click on a link below to find rates for your state:

<sup>1</sup>Transition rule. In lieu of the updated GSA rates that will be effective October 1, 2011, taxpayers may continue to use the CONUS rates in effect for the first 9 months of 2011 (Table 4) for expenses of all CONUS travel away from home that are paid or incurred during calendar year 2011. A taxpayer must consistently use either these rates or the updated rates for the period of October 1, 2011, through December 31, 2011. See *Transition Rules* under *How To Use Per Diem Rate Tables* for an example.

<sup>2</sup>Unless otherwise specified, the per diem locality is defined as "all locations within, or entirely surrounded by, the corporate limits of the key city, including independent entities located within those boundaries."

<sup>3</sup>Per diem localities with county definitions shall include "all locations within, or entirely surrounded by, the corporate limits of the key city as well as the boundaries of the listed counties, including independent entities located within the boundaries of the key city and the listed counties (unless otherwise listed separately)."

<sup>4</sup>When a military installation or Government-related facility (whether or not specifically named) is located partially within more than one city or county boundary, the applicable per diem rate for the entire installation or facility is the higher of the two rates which apply to the cities and/or counties, even though part(s) of such activities may be located outside the defined per diem locality.

Note: Recognizing that all locations are not incorporated cities, the term "city limits" has been used as a general phrase to denote the commonly recognized local boundaries of the location cited.
