

CSRA SIDE LETTER 4

AGREEMENT

Between

CSXT and UTU CSRA

October 3, 2012

Agreement No. 04-038-12

I. Conductor Certification:

- a. Effective July 1, 2012, or thirty (30) days after ratification, whichever is later, employees covered by this Section shall be paid a \$5.00 certification allowance for each start on a position covered by a UTU agreement that requires the employee assigned to have a current FRA certification.
- b. Payment of the FRA certification allowance will be applied in the same manner set forth in Addendum of the 2011 UTU National Agreement.
- c. There shall be no duplication or pyramiding of certification allowances paid to employees under this Section with certification allowances paid under any other agreement.

II. Entry Rate Bonus

- a. Any employees of the carrier covered by this Article who, on September 16, 2011, had completed training for entry into train service and were subject on or after May 1, 2011 to compensation at a reduced rate pursuant to then-applicable service scale/rate progression rules as described below, shall receive one-time bonus payments as provided herein:
 1. An employee covered by this Section subject to five (5) year service scale/rate progression pursuant to Article VI, Section 3 of the August 20, 2002 UTU National Agreement or counterpart local rules shall be paid a bonus of \$3,000.00.
 2. The one- time bonuses provided for in this Section above, shall be paid thirty (30) days after ratification.
 3. There shall be no duplication or pyramiding of rate progression bonuses paid under this Section with rate progression bonuses paid under any other agreement.

III. Entry Rates

- a. The current five (5) year service scale/rate progression rules in effect, shall be amended in accordance with this Section. Such revised rules shall be applicable to all employees who enter train or engine service after September 16, 2011.
 1. 80% of the applicable full rate during the (1st) first year of service;
 2. 80% during the second (2nd) year of service;
 3. 85% during the third (3rd) year of service;
 4. 90% during the fourth (4th) year of service;
 5. 100% on and after completion of the fourth (4th) year of service.
- b. Years of service will be calculated in the same manner as it has been calculated in the past on CSXT.
- c. Rules in effect on the date of this Agreement regarding rate progression adjustment upon promotion to engineer (on a carrier where the UTU represents engineers) shall be preserved and applied without change to employees covered by this Article.

IV. The Individual Performance Award

Article 5, Section 2 of the CSRA, Labor Agreement No. 4-037-09, will be replaced with the following new Article 5, Section 2:

ARTICLE 5 BONUS, IPA, GWI, LUMP SUM AND 401K

Section 2 Individual Performance Award

- A. In addition to the MICP Bonus program outlined in Section 1 of this Article, Trainmen who for each bi-annual period, defined as January 1 through to and including June 30 and July 1 through to and including December 31st, who meet the performance and the perfect weekend attendance criteria outlined in paragraph C. of this Section 2, will be eligible for an award up to the maximum number of shares of CSX Corporation Common stock as provided for herein in recognition for their individual performance [IPA]. Shares awarded will be placed in their ESOP account as follows:
 1. Effective April 1, 2010 and payable in 2011, Trainmen will be eligible for an award of up to a maximum of thirty seven and one half (37.5) shares of CSX Corporation Common stock. The share component referred to herein will be

prorated for the second quarter of 2010 upon implementation of this agreement, (i.e. twelve and one half (12.5) shares) and twenty five (25) shares will be allocated for the final six months of the year.

2. Effective January 1, 2011 and payable in 2012, Trainmen will be eligible for an award of up to a maximum of fifty (50) shares of CSX Corporation Common stock.
3. Effective July 1, 2012 and payable in 2013, Trainmen will be eligible for an award of up to a maximum of (75) shares of CSX Corporation Common stock.
4. Effective January 1, 2013 and payable in 2014, Trainmen will be eligible for an award of up to a maximum of one hundred and fifty (150) shares of CSX Corporation Common stock.
5. Effective January 1, 2014 and payable in 2015, Trainmen will be eligible for an award of up to a maximum of one hundred and fifty (150) shares of CSX Corporation Common stock.

Administration:

- B. The shares of CSX Corporation Common stock referred to in Paragraph A, will be allocated on the basis of the following and subject to the Individual Performance criteria outlined in Paragraph C of this Section 2 and the following:

A maximum of fifty percent (50%) of the shares of CSX Corporation Common stock subject to the IPA will be allocated for successfully meeting the combined criteria outlined in Paragraphs C. 1. and C. 2. of this Section 2 for each six month calendar period defined as January 1 through to and including June 30th and July 1st to and including December 31st. Recipients of this award will have such shares placed in their ESOP account.

C. Definition of Performance Criteria:

1. IDPAP Policy: A Trainman who has not having been assessed formal discipline under the IDPAP Policy for each six (6) month period as outlined in Section 2, B. of this Article will be entitled to the award of shares of CSX Corporation Common Stock.
2. Perfect Attendance: Effective with the implementation date of this Agreement, all eligible CSXT Trainmen will be entitled to the award of shares of CSX Corporation Common Stock for each six (6) month period as outlined in Section 2, B. of this Article.

Perfect attendance is defined as one hundred percent (100%) availability for the period beginning at 0001 Friday including Saturday, Sunday and ending at 2359 on Monday during a consecutive six (6) month period. Rest days are considered as being available for service. Any other non-compensated mark offs will be considered as unavailable.

- D. Trainmen deemed ineligible for the Individual Performance Award as a result of being disciplined and the disciplinary decision is subsequently overturned, will have the IPA deposited into their ESOP account for that calendar year(s).
- E. Trainmen will be eligible to qualify for the Individual Performance Award upon completion of the requirements outlined in the Direct Hire Agreement for that performance bonus and then upon successfully meeting the eligibility criteria outlined in this Section 2.
- F. Trainmen must be in active service for the full six (6) month measurement period referred to in paragraph B.2. of this Section 2, to be eligible for the Individual Performance Award.
- G. Trainmen must also perform at least fifty-one percent (51%) of their starts under a position governed by this agreement during the six (6) month measurement period to be eligible for the IPA for that period. Trainmen will not be eligible for a duplicate award, or an award that exceeds the award outlined herein, for service performed under another craft.

V. Discipline Forgiveness

- a. Employees with at least five (5) years of Conductor seniority and who are governed by this agreement will be subject to the following:
- b. A clear record for 6 month period, January 1 through June 30 or July 1 through December 31 will cancel one (1) disciplinary entry, the latest (IDPAP or Attendance), on the employee's service record. A clear record for a second consecutive six month period will cancel two (2) disciplinary entries, for a maximum of three (3) per year.
- c. This Section will become effective for the period beginning January 1, 2012. Employees who were dismissed in the second half of 2012 will be reviewed on a case by case basis.

VI. Effective Date of Agreement

It is agreed by and between the parties that this Agreement will not be effective until the UTU VP notifies the AVP of Labor Relations T&E, in writing, that the Agreement has been accepted by the four (4) UTU General Chairmen subject to this Agreement and the CSRA, Labor Agreement No. 4-037-09.

Acceptance of this Agreement will be in full and final settlement of Side Letter 4 of the CSRA. It is further agreed that the parties will withdraw all outstanding disputes regarding constructive codes consolidated in the new single allowance, without prejudice to either party's position.

The consolidated Single Allowance will become effective within sixty (60) days of the effective date of this Agreement and at the time the constructive codes listed on Attachment 1 are deactivated.

VII. Payroll Simplification

A. Compensation associated with the Constructive Codes listed on Attachment 1 of this Agreement will be consolidated into a new Single Allowance and paid on a per working start basis to all employees governed by the CSRA, based on 2011 historical data for each former road. The Single Allowance, by former road, will be as follows:

1. AWP - \$3.07 per working start. (this rate is contingent on the attached codes – any additions or subtractions may raise or lower this number);

C&O - \$1.67 per working start. (this rate is contingent on the attached codes – any additions or subtractions may raise or lower this number);

L&N - \$1.93 per working start. (this rate is contingent on the attached codes – any additions or subtractions may raise or lower this number);

SCL - \$2.72 per working start. (this rate is contingent on the attached codes – any additions or subtractions may raise or lower this number);
2. The new Single Allowance will not apply to separate service deadheads;

- B. The new Single Allowance will be subject to future general wage increases under the CSRA; however, should the UTU decide to “snap back” pursuant to Section IV. D.2 Moratorium Provisions of the CSRA 4-037-09, Section IV, Moratorium Provisions, D.2.C shall govern.
- C. This will confirm our agreement that compensation for the constructive codes, identified in Attachment 1, will be included in the Single Allowances contained in Article 1, and paid to all classes of service.
- D. It is further understood and agreed that the attached list of constructive codes, identified in Attachment 2, will not be included in the calculation of the Single Allowances contained in Article VII A. of this Agreement, even though some of these earnings may have been included in the constructive codes identified in Attachment 1.

In addition to the constructive codes identified in Attachment 2, the following pay claims will remain claimable after the date of the signing of this Agreement:

- a. Crew Management Center errors claimed under S1:
 - 1. Runaround resulting in loss of trip/day’s pay
 - 2. Abolishing assignment in between job adjustment days (JAD)
- b. Return to Work issues claimed under S2:
 - 1. Discipline (held out of service and exonerated of charges)
 - 2. Medical
 - 3. Return from furlough
- c. Crew Consist Violations claimed under S3:
 - 1. Working without must fill brakeman
 - 2. Utility person working with one crew entire tour of duty
 - 3. Officer performing craft work
- E. Effective upon the implementation of the Single Allowance described in Article VII A, the constructive codes contained in Attachment 1 shall be deactivated in the carrier’s payroll system and the carrier shall not be required to respond to any claim formerly associated with those constructive codes.
- F. During our discussions, the Union expressed concern that as a result of implementing the new Single Allowance, some CSXT managers may incorrectly assume that the CSRA rules associated with the Constructive Codes identified on Attachment 1 to this Understanding have been modified or eliminated. This will confirm the parties’ commitment that the Single Allowance is being implemented only as a means of payroll simplification, and does not modify any CSRA Agreement provision. Thus, while it is recognized that those Constructive Codes

may be deactivated in the Carrier's payroll system, it is the intent of the parties that all provisions of the CSRA shall remain in effect, and there should be no material increase in the work events or activities triggering those consolidated Constructive Code payments. To ensure proper application of the parties' Understanding in this regard, the following shall apply:

1. All surviving Constructive Codes (i.e., those not consolidated into the new Single Allowance) are identified and explained in Attachment 2 to this Agreement. The parties shall identify the nature and purpose of those surviving Constructive Codes, along with the corresponding CSRA rule(s), so that valid claims properly submitted under those surviving Constructive Codes will be paid properly and promptly.
2. Based on this mutual commitment, the parties have agreed that the Constructive Codes identified by asterisk (*) on Attachment 1 to this Understanding will be included in the new Single allowance on a trial basis. In the event the General Chairman with jurisdiction provides material evidence of an excessive or continuing violation or abuse of an Agreement provision associated with one of these asterisked Constructive Codes by serving written notice of same to the Highest Designated Officer (HDO), then the appropriate Division Manager will be contacted for conference with the HDO, Assistant Vice President Labor Relations, UTU Vice President and the involved UTU General Chairman for resolution of the matter. If the General Chairman feels the matter is not satisfactorily resolved within thirty (30) days after receipt of notification by the HDO, then the General Chairman may elect to have that particular Constructive Code reactivated for utilization for a review period.
3. After reactivation of the constructive code the carrier will review the claims filed with the General Chairman within thirty (30) days. Such claims will not be subject to the normal claims handling procedures contained in Article 6 of the CSRA. If after review, the parties cannot come to resolution the issue will be progressed to expedited binding arbitration.
4. For all other Constructive Codes (i.e., those not designated by asterisk) on Attachment 1 for which compensation is consolidated into the new Single Allowance, the same notification and conference requirements outlined in Item 2 above shall apply, and if the matter is not satisfactorily resolved in conference, then the dispute may be docketed to a final and binding Arbitration Board pursuant to Article 6 of the CSRA.
5. It is understood and agreed that if a particular Constructive Code is removed from the Single Allowance pursuant to Item 2, above, such Code shall be reactivated in the Carrier's Payroll System for that former road, and the applicable Constructive Code for that former road shall be adjusted so as to reflect the subtraction of any monies associated with that particular

Constructive Code from the per-trip Single Allowance applicable to that former road.

- G. The parties further agree that this agreement has been entered into as a good faith effort to promote trust and cooperation in resolving these matters fairly and equitably. Thus, both parties hereby reaffirm their commitment to administer the provisions of this Article VII responsibly and will neither allow abuse of a constructive code contained in the Single Allowance nor seek to remove a constructive code contained in the Single allowance arbitrarily.

It is understood that by mutual agreement additional constructive codes may be included in the Single Allowance.

Attachment 1

Pay elements to be included in the Single Allowance described in Article VII of the Side Letter 4 Agreement, Labor Agreement No. 04-038-12:

- 01 Outside yard limits – hours of service relief *
- 05 Mail pay
- 15 Switching
- 16 Assisting *
- 21 Initial terminal delay
- 22 Final terminal delay
- 23 Runaround in terminal
- 24 Called and relieved *
- 2D DH runaround in terminal
- 34 No caboose
- 36 Caboose pooling
- 38 Misc work train issues
- 41 Outside yard limits (yard service) *
- 42 Transfer service
- 43 Lapback
- 44 Air hose pay
- AS Assignment/Advertisement Issue
- BG Recrew Penalty
- CA Crew misuse issues
- CC Riding side of car 1 mile
- CL Riding side of car 1 mile
- ED Handling end-of-train device
- FS Utility assignment working with one crew
- G9 Tie up between terminals
- KS Kind of Service issues
- NL No locker
- OW Non-RR work (dumping phosphate)
- PU Pusher issues *
- QC Demoted engineer certified with Road Foreman
- RM Road Switcher/Mine Run issues
- T4 Engine not equipped *
- TX Waiting on transportation *
- Y5 Switching yard rate (no yard crews on duty)
- YW Yard work in road service *

RE: Side Letter 1 – Claims Resolution

Gentlemen:

This refers to our discussions resulting in the culmination of Side Letter 4 of the CSRA (CSXT LA 04-038-12).

During our discussions the parties expressed concern over outstanding CSRA UTU claims. It was agreed by the parties that in the furtherance of sound labor management relations, all outstanding CSRA UTU claims filed as of this date, that are contained in the single allowance pursuant to Side Letter 4, will be deemed withdrawn by the Organization. The claims are withdrawn without prejudice to either side's position.

It was further agreed that the Organization will be granted one hundred and fifty thousand (\$150,000) dollars to be disbursed by the Organization, in accordance with the internal understanding among the affected General Chairmen. Once the Organization has determined the appropriate distribution, it will provide Carrier's Highest Designated Officer with an Excel spreadsheet containing the Names, ID Numbers and Amounts that each employee is entitled to. When the HDO receives the Organization's list, the HDO will process the lists for payment.

RE: Side Letter 2 – Attachment 2

Gentlemen:

This refers to our discussions resulting in the culmination of Side Letter 4 of the CSRA (CSXT LA 04-038-12).

During our discussions the parties expressed concern regarding the applicability of items not contained in the new Single Allowance. It was agreed by the parties that constructive codes not contained in the Single Allowance (Attachment 1) would still be claimable after the Single Allowance went into effect, unless modified by subsequent agreement.

It was further agreed that the list of claimable constructive codes, referenced in Attachment 2 of Side Letter 4 (CSXT LA 04-038-12), represents a list of items not contained in the Single Allowance. The list, Attachment 2 of Side Letter 4, has been compiled without prejudice or precedent to the position of either party and should not be construed as an agreement establishing the applicability of any of the referenced constructive codes to a particular Article of the CSRA.
